"New Dolby - 4" transfers of original master tapes have been specially produced for **Masterworks Portrait** resulting in new, improved sound that affords spectacular signal to noise ratios greatly extending the dynamic range while offering the cleanest reproduction these master recordings have ever enjoyed.

Das neue Dolby-4-System. Überspielungen und Original-Masterbänder wurden speziell für die **Masterworks Portrait** produziert. Das Ergebnis ist ein neuer, verbesserter Klang mit erstaunlich gutem Rauschabstand. Der Dynamikumfang wurde erheblich erweitert. Dadurch lässt sich die reinste Wiedergabe ermöglichen, die es von den Vorliegenden Aufnahmen je gegeben hat.

Les transferts des bandes originales ont été spécialement réalisées selon le procédé "New Dolby 4" pour les **Masterworks Portrait**. Cette nouvelle technique apporte une amélioration spectaculaire du rapport signal-bruit et de la qualité du son; permettant ainsi une extension de la dynamique tout en apportant la meilleure qualité de reproduction possible.
